The new range of leisure products from Bespoke Global features some fine pieces for anglers. The bespoke fly fishing rod from the Oyster Bamboo Fly Rods Company is crafted from torokin bamboo, nickel and agate stone and boasts a hand-engraved reel seat. Clients can customise the length, colour and grip shape. Also in the range is the laser-cut reel with brass frame, aluminium spool and marbled handle. The rods are from \$3,450 and the reel from \$699.
